CATTLE CREEK RANCHING'S BULL DEVELOPMENT PROGRAM

RAISING & DEVELOPING A Cattle Creek Ranching Bull

Cows are calved in large open fields and checked morning and evening. At this time calves are weighed and tagged. All calves are vaccinated with "Vista Once" and Visions 8" and cows are vaccinated with "Vista5L5" prior to breeding.

Cattle are then put into breeding fields and remain there until a 60 day breeding season is completed. Then cows with bull calves are sorted and put together until weaning which is mid November. At this time calves are boosted with "Vista Once" & "Vision 8" and given Ivermectin. Bull calves are then sorted and calves not making the selection are cut and fed out as steers.

Over winter they are fed long stem hay and up to 6 lbs. of a pellet ration until May when they were moved to Whitelake Colony and fed a ration to develop the bulls to ensure longevity & structural development to the best of our ability. Thanks again Jerry!

The bulls were then moved home on Jan 15th and fed a ration of hay, greenfeed and 10 lbs. of a 14% lentil pellet.

ALL BULLS HAVE BEEN SEMEN TESTED AND BVD TESTED TO ENSURE A QUALITY BULL

IF YOU ARE LOOKING FOR A ONE TON BULL....WE DON'T RAISE THEM !!

IF YOU WANT A BULL THAT HAS GOOD FEET, LONGEVITY AND HAS BEEN RAISED SO IT'S GENETIC POTENTIAL EXCELS ...then

WE WILL SEE YOU AT THE SALE!

TERMS and CONDITIONS

TERMS – The terms of the sale are **cash, cheque, Visa, Master Card** payable at par to Cattle Creek Ranching Ltd. on the day of the sale. The right of property shall not pass until settlement is made. All settlements must be made with the clerks of the sale before any cattle will be released.

BIDS - Every animal shown on the video screen or announced by the auctioneer will be sold to the highest bidder. A floor price will apply to each animal consigned.

DISPUTES - In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

PURCHASER'S RISK – Each animal becomes the risk of the purchaser as soon as sold. Insurance will be available on sale day.

ANNOUNCEMENTS – Errors discovered in the catalogue will be corrected by announcements from the Auction Stand at sale time and such corrections will take precedence over the printed matter in the catalogue

CERTIFICATE OF REGISTRY – A certificate of registry will be furnished to the buyer of each bull after settlement is made

BREEDER'S GUARANTEE – All bulls are sold sound and right and come with a responsible breeder's guarantee of satisfaction

ACCIDENTS – Any person attending the sale does so at their own risk and recognizes that there are inherent dangers. Although every precaution will be taken to protect the safety and comfort of every attendee, neither the sales manager, auctioneer, nor any livestock owner assumes responsibility in this matter and disclaims any liability, legal or otherwise, in the event of an accident or the loss or damage of property.

DELIVERY – Arrangements can be made sale day for free delivery (at the convenience of Cattle Creek Ranching) to central points. Cattle will be cared for until transportation can be arranged. **Any livestock purchased must be insured if not taken home sale day.**

WINTERING PROGRAM – If you don't have the facilities to keep your Cattle Creek Bull year round, we have an excellent wintering program for your needs. Ask David for details

U.S. EXCHANGE: U.S. money will be accepted at the current rate of exchange sale day

EPD'S EXPLAINED

Just what are EPD's and what do they mean?

The bull is really only the delivery system for the genetics he passes on. Performing this job requires him to be sound, fertile and athletic. However, it is the reliability of their genetic predictions that ultimately bear out their true value to a producer's bottom line.

When evaluating which bull you need it is vitally important to take into consideration what market you seek to participate in. Your market is as much a part of your breeding environment as feed and weather. Target your market and work backwards to find the bulls that will get you there.

Three Step Process:

- 1) Know the market you wish to hit (feeder calves, yearling, replacement females)
- 2) Have a true appraisal of how close your cow herd is to that target
- 3) Identify bulls whose EPD's predict the ability to move your cow herd in the right direction for the traits required to meet your market end point.

Example: Your old herd bull has a Yearling Weight EPD OF +45. You buy a new bull with a YW EPD of +65. This means that the calves raised in the same contemporary group sired by the new bull will have the genetics to weigh an average of 20lbs. more at 365 days than calves sired by the old bull.

Of course this is not a guaranteed result. It is impossible to predict how much performance will change from year to year due to varying environmental conditions (rainfall, temperature, available feed, etc.). However, what we can tell is that the calves will have the genetics to perform.

EPD's are only **one of the tools** you should use to ensure that you find the **best bulls for your needs** and long term goals. EPD's do not indicate how many lbs. will be added to your herd's average by using a particular bull. Only the difference between bulls is relevant. EPD's can, and probably will change on a bull as more information is added. In fact, every bull evaluated will get a new set of EPD's the next time the association conducts genetic evaluation. EPD's cannot be compared across breeds.

BW (Birth Weight) - Expressed in pounds. Best estimate of differences in birth weight. Higher EPD's mean higher birth weights

KEY TO TERMS USED IN CATALOGUE

AOD: Age of Dam

BW: Actual weight at birth

Adj 205: Adjusted 205 Day Weaning Wt.

**BE SURE TO PICK UP THE SUPPLEMENTAL
INFORMATION THAT WILL BE
AVAILABLE ON SALE DAY!!**

NOTE: Cattle Creek Ranch reserves the right to collect semen on any bull sold through this sale. Semen collection will be at Ranch's expense and the buyer's convenience. Any semen collected will be for Cattle Creek Ranch "in-herd" use only.

CATTLE CREEK RANCHING

CATTLE CREEK RANCHING PUREBRED "OPEN" HEIFERS

This year we again decided to put in the sale a group of Open Heifers but we increased the numbers

They will be selling in groups of 10 with a buyer taking choice of one (1) or "ALL" in that group.

All heifers were born between May 1st – June 30th, 2015

These are Open Purebred Heifers which are being sold as commercial. However, if you want the registration papers – add \$500.00 per animal for papers to be transferred at time of settlement to the new buyer.
